Off Dock Drayage Insights Report Published

On May 25, 2020 the Office of the British Columbia Container Trucking Commissioner (OBCCTC) issued a bulletin advising stakeholders that the OBCCTC and the Ministry of Transportation and Infrastructure were exploring opportunities to improve fairness, stability, efficiency and competitiveness in the Vancouver Gateway, specifically related to off-dock container movements.

Cascadia Partners was tasked with preparing a report intended to help better understand the flows of off-dock container movements in order to inform policies and decision making. Cascadia Partners has submitted its report, which can be found on the OBCCTC website:

[Download the Off-Dock Drayage Insights Report \[PDF\]](#)

The OBCCTC understands the issues and concerns about off-dock container movements in the industry. The OBCCTC will immediately begin consulting stakeholders about the findings of Cascadia's report and will prepare recommendations that will balance the interests of the entire sector and ensure industry's future success.

Sincerely,

OFFICE OF THE BC CONTAINER TRUCKING COMMISSIONER

Michael Crawford
Commissioner
