Licensee Record of Enforcement Reference Tool Launched

The Office of the British Columbia Container Trucking Commissioner (OBCCTC) has launched a Licensee Record of Enforcement reference tool.

This tool provides an accessible reference to each current licensee's record of enforcement. The launch of the Licensee Record of Enforcement reference tool is part of the OBCCTC's efforts to reinforce ethical and fair business practices in the container trucking industry.

The Licensee Record of Enforcement reference tool will be updated as new decisions, decision notices, reconsiderations and orders are posted.
