**Notice of Order against Lally Bros Holding Ltd. to Comply with the *Container Trucking Act* and
Container Trucking Services Licence.**

Introduction

1. Lally Bros Holding Ltd. (“Lally Bros”) is a licensee within the meaning of the *Container Trucking Act* (the “Act”) and the *Container Trucking Regulation* (“the Regulation”).
2. Lally Bros currently operates under a container trucking services licence that came into force on December 1, 2024 (“2024 CTS licence”). Section 6.16 of the CTS licences states that “the Licensee must carry out Container Trucking Services for On-Dock Trips and Off-Dock Trips using only Truck Tags allocated by the Commissioner on the conditions imposed by the Commissioner.” Section 6.17 states that “the Licensee must assign a Truck Tag to each truck performing Container Trucking Services for On-Dock trips and Off-Dock trips.” “Truck Tag” is defined as “an OBCCTC decal affixed to a truck pursuant to this Licence.” As per section 1(d)(i) of Appendix B, all Approved Vehicles used by the Licensee for Container Trucking Services must display a Truck Tag to carry out regulated trips.
3. Under section 31 of the *Act*, the Commissioner may conduct an audit or investigation to ensure compliance with the *Act*, the *Regulation* or a license.
4. Under sections 22 and 23 of the *Act*, minimum rates that licensees must pay to truckers who provide specified container trucking services are established by the Commissioner via the Rate Order and licensees must comply with those statutorily established rates. Section 23(2) states:

A licensee who employs or retains a trucker to provide container trucking services must pay the trucker a rate and a fuel surcharge that is not less than the rate and fuel surcharge established under section 22 for those container trucking services.

Background

5. The Office of the BC Container Trucking Commissioner (“OBCCTC”) introduced the OBCCTC Truck Tag in October 2023 to:
 - a. enhance visibility of trucks approved to perform regulated CTS work.
 - b. streamline tracking of trucks performing regulated CTS work.
 - c. facilitate off-dock enforcement.

6. On October 18, 2023,¹ the OBCCTC issued an Industry Advisory advising licensees that they were responsible to obtain and display the OBCCTC tags.
7. The OBCCTC has spent significant resources installing OBCCTC decals (tags) on all approved trucks (both company and IO trucks) with multiple opportunities for licensees to ensure trucks performing CTS were properly tagged since the introduction of the OBCCTC tag² in 2023.
8. On or about November 27, 2024, the OBCCTC issued Lally Bros a 2024 CTS licence which came into effect on December 1, 2024.
9. On or about November 27, 2024, the OBCCTC advised Lally Bros to send a representative to pick up its expiry decals (these decals are affixed to the OBCCTC tags and are valid until the expiry of the licence).³
10. On or about November 27, 2024, a representative of Lally Bros picked up the expiry decals that had been allotted to Lally Bros under its new license and received written instructions to install the OBCCTC expiry decals on each approved truck in Lally Bros' fleet before December 1, 2024 and was reminded in writing that failure to do so would be in breach of its 2024 CTS licence.
